Dadeville, Ala., May 21, 185 Messre. Scoville & Head; - This is to certify that about the first of February last, I was affliced with three or four painful sures on and about the face, some of them as large as a quarter of a do lar: they assumed the appearance of canters, and I was fearful they would terminate in canters. About three weeks since I commenced taking Ductor Guyactt's Extract of Yellow Duck and Sarasperilla, and found immediate relief from its use. I have not taken quite two bottles, and the sores on my face are all healed up; and those on

my face are nearly so; and I truly believe they will be entirely well in a few dass. I cheerfully recommend this moditive to persons afflicted with any kind of eruptions or cancerous sores. My general health is much improved by the use of the medicine. Respectfully, RICAARD B. BURK.
